GearEye is a complete equipment management and tracking solution

No more manual check ups!
Detects hundreds of items in seconds.

The insurance policy for all of the equipment.
Always know what's with you.

The most inexpensive mid-range RFID system,
based on the patented technology.

Customizable for SMEs.

The GearEye Kit

contains a compact handheld RFID scanner device and a variety of battery-free tags.

**Let your mind
focus on the
work, let GearEye
focus on the gear.**

Organize your equipment into situational lists, and see what's missing in seconds.

If you happen to misplace an item, no big deal. Locate any item remotely with audible guidance, or check its last seen on a map.

Extended reach

Covers up to a 2-meter range.

Easy to use

Just connect, tag and start tracking.

Lightweight and compact

Easy to tuck in a bag and carry around.

Loss prevention

Missing items alerts, last seen location.
