

N.I.L- New Invi Line

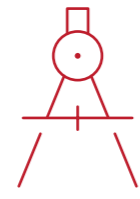

Easy magnetic connection

Hidden lintel at the height of the plaster

The perfect solution for evenly distributed airflow

Unlimited design options

* The data was measured under monitored laboratory conditions. There may be deviations in noise levels in different field conditions.

* The height of the diffuser from the ceiling is 30 centimeters

* The data refers to a space of 4 meters by 6 meters with a height of 280
