ADVANCED COSMETICS

Advanced Cosmetics Is Our Philosophy

Do you want fresh and youthful skin?

Dermalosophy brings the latest developments to the world of professional cosmeceuticals.

Dermalosophy products satisfy and solve all skin problems, leaving it youthful and healthy. Contains essential vitamins, antioxidants, proteins, plant extracts, essential fatty acids, as well as active ingredients that are well suited for a variety of skin problems. These substances have been scientifically researched to heal, restore, nourish and revitalize the skin and are scientifically engineered to penetrate the skin easily.

The action of our products is aimed at rejuvenating, brightening, eliminating acne and protecting against external damage. Our skin care products contain ingredients that act subcutaneously to rejuvenate and effectively deliver results.

The main goal of 'Dermalosophy' is to **guarantee effective and safe results** from the use of our products. With regular use of our products, your skin will look high-quality, healthy, young and beautiful.

'Dermalosophy' professional products are sold exclusively to professional cosmetologists and certified clinics.

MICROPEEL - RECOVERY CREAM Revitalizing Day Cream

This cream is intended to rejuvenate the skin with minimal peeling, using a unique technology, it removes dead skin cells and stimulates cell regeneration. Suitable for all skin types. With 'MicroPeel', your skin will look more radiant from the first application.

TOTAL REPAIR RX / FORTE – NIGHT CREAM

Amazing and innovative cream with the ability to gently peel and rejuvenate the skin with proven and safe results. Do not use the product on the facial skin.

SEBO CREAM

Totally removes seborrhea within two / three days!!! Seborrhea is a chronic inflammatory skin disease, most commonly occurring on the scalp and face (sides of the nose, behind the ears, forehead, eyebrows and lashes). The symptoms of seborrhea are dandruff, irritated skin and redness.

In seborrhea there is increased production and secretion of fatty substance from the sebaceous glands of the skin and therefore the symptoms appear in areas rich in mammary glands. The cause remains unknown but studies have shown that a fungus called MALASSEZIA OVALE PITYROSPORUM is probably one of the causes of inflammation.

The cream treats dry or oily seborrhea, skin fungus eczema and atopic dermatitis.

ROSA GEL

Treats the skin affected with rosacea, as well as the redness of the skin. Rosacea is common, especially in people with fair skin, and usually appears after age 30. It refers to a wide range of symptoms, usually beginning gradually with redness and blushing of the forehead, cheeks, nose, and chin. Over time, symptoms may worsen and small blood vessels develop, especially in the nose, which will dilate and become more visible. In addition, small pimples similar to acne may develop, this stage is called ACNE ROSACEA. The action in this case includes the combined use of 'Rosa Gel' in the morning and 'Triple Acne Gel' in the evening.

BIO ULTRA - CALM CREAM

Instant and powerful relaxing cream, treats redness and irritation of the skin caused by cosmetic products, procedures from the clinic, burns from the sun, waxing, shaving treatments and allergies.

Main ingredients: Licorice plant extract - Dipotassium Glycyrrhizate in combination with Zinc Glycyrrhizate.(Ingredients with anti-inflammatory properties) In combination with other ingredients, the cream will treat the tingling and irritating sensation of the skin.

Get rid of acne in a few days, it's proven!
