Cleans & balances the air for vitality, productivity and well-being

Airo was made for reforming the air quality by removing contaminants and creating a healthier environment that boosts vitality

 **airosphera™**
Personalized air reforming

Real time AI air quality optimization for the space and personal needs.

Balanced CO₂ boosts vitality

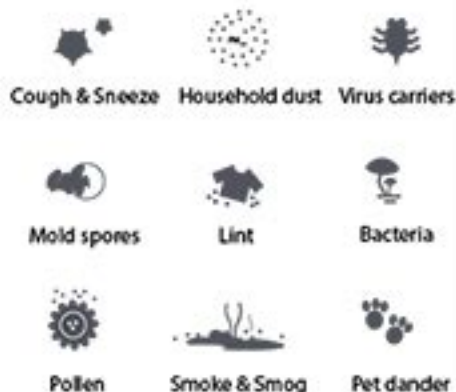

Creating an environment with clean air supports vitality and personal well-being.

Research shows that CO₂ levels have a substantial impact on people and may cause nausea, headaches, drowsiness and even difficulties in concentrating and decision-making.

Clean air - healthy life. Airo clears the air from contaminants and balances CO₂ levels.

CO₂
