

LEDGERTECH

EMBEDDING INSURANCE INTO EVERYDAY DIGITAL LIFE. FROM CONCEPT TO MARKET IN WEEKS.

WHO WE ARE:

Ledgertech is a digital insurance technology company delivering embedded insurance through a Low-Code/No-Code platform. Our award-winning solutions enable insurers to launch custom insurance products within weeks, seamlessly integrating them into digital spaces where today's customers spend their time. Combining deep insurance expertise with cutting-edge technology, Ledgertech provides versatile, scalable solutions tailored to a digital-first market.

THE PROBLEM:

Traditional insurance providers face slow product development cycles, inflexible legacy systems, and limited distribution channels, making it challenging to meet modern customer expectations or expand reach in digital environments.

THE SOLUTION:

Ledgertech enables insurers to launch innovative, embedded insurance products within weeks, seamlessly integrating them into digital platforms to expand distribution, enhance customer engagement, and drive growth.

KEY BENEFITS

DIFFERENTIATED PRODUCTS:

Achieve unique product-market fit for embedded channels.

ACCELERATED GO-TO-MARKET:

Launch tailored products in weeks, not months.

ADVANCED USAGE MODELS:

Support for UBI, PAYG, PHYG, and more.

SEAMLESS DISTRIBUTION:

Embed insurance into digital platforms, reaching customers at the right moment.

CORE DIGITAL INSURANCE PLATFORM

Built for modern demands.

TECHNOLOGY HIGHLIGHTS:

Cloud-Native and Scalable:

Secure, ISO 27001 certified, deployable globally on major cloud providers.

Comprehensive Configuration Studio:

Flexible, customizable configurations for on-demand and embedded insurance solutions.

Seamless API Integration:

Connects with external systems, supporting multilingual and multicurrency localization.

Customer-Centric UI:

Web and mobile interfaces enable easy distribution, policy management, and claims processing.

SETTING NEW STANDARDS IN EMBEDDED INSURANCE

Globally recognized for driving innovation and transforming digital insurance.
