

A Foundation of Partnership, A Legacy in Agriculture

Yevulei Gesher is a leading agricultural enterprise built on the collective strength of three of Israel's most established farming communities.

Kibbutz Ruhama

Kibbutz Dorot

Kibbutz Hatzerim

Yevulei Gesher is a registered agricultural partnership jointly owned by **Kibbutz Ruhama**, **Kibbutz Dorot**, and **Kibbutz Hatzerim**.

We operate on a meaningful commercial scale, managing several thousand dunams of diversified crops across multiple growing regions.

Our model combines hands-on agricultural production with commercial and export-oriented expertise, focusing on practical, scalable agriculture rather than speculative trading.

We work closely with growers, agronomists, and supply-chain partners to ensure consistent quality, reliable volumes, and full traceability from field to market.

An Integrated Portfolio Spanning the Agricultural Value Chain

Field Crops & Cereals

Cultivating grains and other field crops for the animal feed industry.

Fresh Market Vegetables

Growing a wide range of vegetables for the local fresh produce market.

Citrus Orchards

Managing citrus groves for both domestic consumption and international export.

Avocado Cultivation & Export

A leading producer of avocado for premium local and export markets.

Avocado Packing & Logistics

Owner and operator of a large, state-of-the-art avocado packing house, ensuring quality control and post-harvest excellence.

Strategic Agricultural Partnerships

Actively engaged as a strategic partner in a diverse portfolio of innovative agricultural projects and ventures.

Yevulei Gesher is open to dialogue with importers, distributors, and institutional stakeholders to explore long-term cooperation and develop products tailored to specific market requirements.
