

Hadiklaim Israel's Date Grower Cooperative

Nature's Majestic Treats

About Us

Hadiklaim Date Growers Cooperative brings together some of the world's leading producers of top-quality dates. Founded in 1982, the cooperative gathers the activities of Israel's largest and most advanced date producers, including: quality control, administration, marketing, sales and export activities, all under one roof.

Our Growers

We are proud to produce dates that set industry standards in quality and appeal to consumer satisfaction.

Since our growers use the most advanced agricultural methods and equipment, we can consistently deliver the highest quality dates.

Assuring our customers enjoy nothing short of the outmost superior service and reliability.

Finally, Hadiklaim growers and packing houses are certified according to international standards, including BRC and Global GAP.

Our Mission & Vision

Our Mission is covering our clients needs and specific requirements, while improving the quality and efficiency of our processing methods. This way we provide consistent quality products and services.

Our philosophy is to promote a healthy diet and support a healthy way of life by providing the market with top quality dates.

**Dates are unique,
just like people.**

Our experience has
taught us that

“ *If you know
what date
you like,
we can tell you
who you are.* ”
