

# INNOVATION IN 2021: THE VIEW FROM ISRAEL AND JAPAN

Over the past decade the number of Israel/Japan investment deals has increased three-fold. OurCrowd together with the top Israeli law firm Herzog, Fox & Neeman will delve into what is behind this staggering growth and how we can ensure it continues to the benefit of both countries. Leading professionals working in the regions will join a panel to present the current tech landscapes in both Israel and Japan, discuss key factors for successful collaboration in the business world and what we can expect for the future of innovation in Israel and Japan.
