Olea Essence

Products: Natural Cosmetics based on olive oil

Olea Essence farms thousands of olive trees in the region of the Sea of Galilee, Israel, and produces Extra Virgin Olive Oil, Natural Cosmetics and Eco Olea Green Cleaning Products with their in-house olive press and laboratories.

The family farmed, naturally organic olives are pressed into raw, unfiltered, cold- and first pressed extra virgin olive oils. Through the use of the olives in their entirety, Olea Essence's laboratories create FULLY natural toiletry and cosmetics products for face, body & hair, anti-aging, therapeutic, daily care & skin repair.

The Extra Virgin Olive Oil is an extremely rich natural source of anti-oxidants, healthy vitamins and minerals. Combined with other essential natural oils and plant extracts, it creates a unique natural toiletry and cosmetics line that activates anti-ageing properties and maximizes the wholesome effect of olive oil on your skin, aiding in softening and smoothing. The leftovers of the olive pressing are biologically turned into the EcoOlea Green Cleaning line. An effective, fully natural, eco-responsible and safe house cleaning line.
