WE ARE ACLIM8

Our love of the outdoors is the starting point for everything. That's why we formed Aclim8, a company that provides innovative outdoor solutions for the adventurous.

Our heritage from serving in the same special-forces unit gives us a shared DNA that provides the collective focus and common way of working to solve problems.

And our first focus is the COMBAR. This product was borne out of a quest to find the right combination of tools that could be easily carried and covered the essential needs when spending time outdoors.
