

Jojoba valley company
100 % pure jojoba oil

About the company

- Jojoba Valley is a relatively new company of jojoba oil, which was established by Jojoba plantations farmers in 2013
- The shareholders are four Cooperatives that grow the jojoba seeds
- These four shareholders are dealing with advanced agriculture more than 60 years and specific in advanced jojoba growing more than 20 years

About the company

- As of 2021 Jojoba Valley is one of the 3 biggest producers of Jojoba oil in the world
- The company's Headquarters is based in Israel with a subsidiary in the United States
- The company own jojoba plantation farms which are spread over 600 hectare (6,000 dunam)
- The factory is located in kibbutz Galon close to the plantation and to the institute of cleaning jojoba seeds
- we have 25 workers in the global company

Products

- The company manufactures four types of oil:
 - Conventional Golden Jojoba Oil
 - Organic Golden Jojoba Oil – NOP, European and COSMOS standards
 - Clear Jojoba Oil (Colorless)
 - Organic Clear Jojoba Oil (Colorless)
- The oils are of premium quality and are being tested periodically to make sure quality is maintained
- The company is working on increasing its offering and new products are in the pipeline

Additional Jojoba Products

- Other than the pure oils we produce the below Jojoba products:
- Jojoba Butters:
 1. Jojoba Butter
 2. Squalene-Based Jojoba Butter
- Jojoba Wax

Future Jojoba Products

- Additional Jojoba products in the pipeline:

Markets

- The main markets of the company (As of 2021) are Europe and the United states
- The company has subsidiary in the US
- The company is also active in Asia, Latin America and Australia
- The company has long term contracts with major oil suppliers and raw material distributors

Applications

- Jojoba oil is one of the most popular oils for cosmetics and toiletry in the world.
- Common applications in which the oil is used for:
 - Cream
 - Lotions
 - Serums
 - Shampoo and other hair care products
 - Lip protection products
 - Oil mixes
 - Used as 100% oil for damaged skin and skin imperfections

Jojoba Oil Advantages

- Jojoba oil is actually a wax and tends to become solid at temperatures lower than 5-10 degrees Celsius. This is perfectly normal and the oil becomes liquid again once temperature increases
- Advantages of the oil:
 - Skin moisturizer
 - Control of oily skin
 - Acne Control
 - Repair of Chapped Lips
 - Repair of dry Hair
 - Improve of cracked feet and dry hands
 - Fight eczema and psoriasis
 - Reduces the effects of sunburn
 - Reduce hair loss
 - control dandruff
 - Reduces Pore size

Certificates And Standards

- Jojoba Valley is committed to have the highest standards to its products. As part of our quality strategy, we now support the below standards:
- ISO
- Kosher
- Organic Certificates: EU, NOP and COSMOS
- COSMOS Approved (For the Conventional oils)
- Vegan
- In the pipeline: Fair Trade and Social Responsibility standards

Why Buying From jojoba Valley

- Quality Oil – Seeds are collected in nets and only the freshest seeds are pressed in every batch. No seeds from previous years involved in the process
