Starry Precision school bag Technology

Incorporating precision manufacturing to enhance your child's educational experience. Drawing from the legacy of the original Japanese Randoseru®, which boasts centuries of combined expertise in precision manufacturing, we merge parental requirements and children's preferences through cutting-edge technology. Our backpacks prioritize quality, ergonomics, functionality, and safety, offering a stylish and practical solution tailored to every child.

- **SLS - Sophisticated load-carrying system**

Meticulously designed to provide ergonomic support, safeguarding your child's back throughout their daily activities.

Easily adjustable, the SLS seamlessly accommodates your child's growth, catering to heights from approximately 40'' to 59'', guaranteeing a snug and comfortable fit for years ahead, fostering proper posture and comfort throughout their schooling journey.

- **Kid-friendly styles**

Captivate children with a haptic magnet patches.

Personalization is paramount, featuring interchangeable motifs and trinkets tailored to your child's preferences.

- **Top-class Quality.**

Made with the lightest weight durable materials, high-quality workmanship and stringent quality control.

- **Safety**

Improve visibility with surround with reflective elements to ensure a clear all-round view.

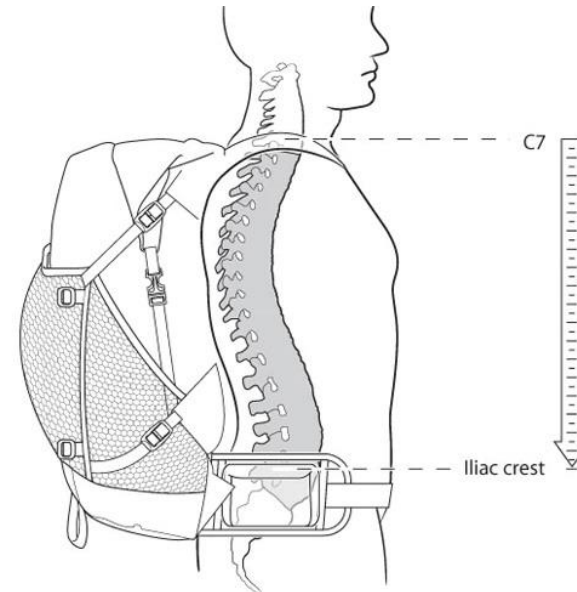

- Ergonomically optimize with medical experts

Precision

Ergonomic

Streamlined setting

The SLS offers seamless adjustability with just a few simple steps – even while your child wears the school bag! Easily modify the back length using the interior turning handle. Intuitive points system on the bag's back provides clear guidance: 1 point for the smallest setting, 3 points for the largest.

MAGIC Patches

Transform the Child's School Bag into a Personalized Masterpiece!

When your child begins their school journey, their school bag should reflect their dreams and personality. But as kids grow, their interests evolve. That's where the removable and changeable patches come in – it's pure magic!

The child can customize their school bag endlessly. From dolphins to butterflies, police cars to spaceships with a limitless selection of patches to choose from.

Empower your child to express their individuality with our diverse range of themes.
